NOTE OF EXPLANATION

Notary:
For over many years, Children's International Summer Villages (CISV) has worked to increase cross cultural understanding among the children of the world. Over 150,000 young people have been transformed by personal experience through CISV's multi-cultural educational program. Since the

first Village in 1951, CISV volunteers have worked to provide healthy and secure opportunities for our participants to learn about the world and themselves. We are proud of our results and work hard to earn the trust of parents who allow their children to participate in CISV.

Although the health and safety of all CISV participants is of great importance to the world-wide network of volunteers that make the CISV program possible, in recent years, the cost of property and liability insurance has increased steadily despite our risk management program.

In order to ensure the continued operation of the CISV program, the Board of Trustees of CISV, Inc. (CISV-USA), voted to require a liability release as a condition of participation effective with our 2005 programs. For this reason, in order to participate as a CISV delegate, a parent or legal guardian of all youth participants under the age of 18, must execute an UNCONDITIONAL RELEASE OF LIABILITY & AGREEMENT TO INDEMNIFY. (Parental Release Form) All participants age 16 or older, including all leaders and staff, also must personally execute an UNCONDITIONAL RELEASE OF LIABILITY & AGREEMENT TO INDEMNIFY. (Participant Release Form)

Although CISV will work to maintain liability insurance for the benefit of non-participants, including schools and other institutions that provide facilities for our programs, we believe that this release, together with our on-going risk management efforts, will limit the impact of rising insurance premiums on our ability to offer the CISV program in the United States.

CISV USA continues to ask all participants to carry their own medical insurance. Medical insurance provided by CISV USA is intended as secondary insurance and is part of CISV efforts to meet standards established by the Council on Standards for International Educational Travel.

Specific questions about CISV's UNCONDITIONAL RELEASE OF LIABILITY & AGREEMENT TO INDEMNIFY, and insurance coverage or requirements, should be made, in writing, to the CISV National Office, 1375 Kemper Meadow Drive, Suite 9-H; Cincinnati, OH 45221.
